Litter is a big problem and it is everyone's duty to prevent littering. One person can make a difference and that one person can be you.

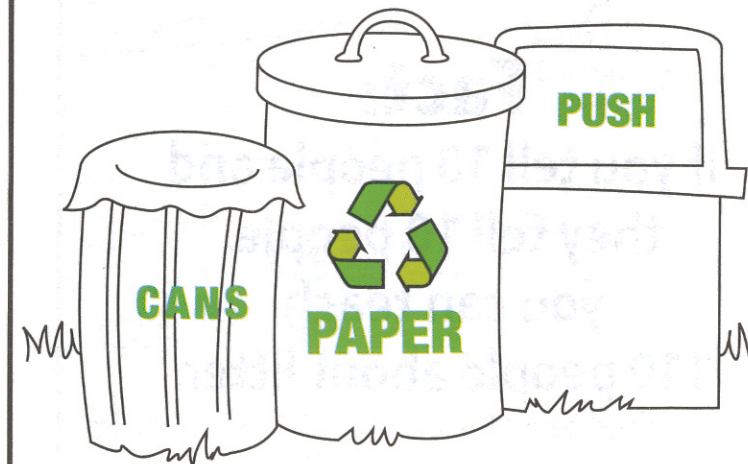

Litter makes our neighborhoods, parks and cities look dirty and unclean. It makes it look like we don't care about our surroundings.

Choose what pictures look better

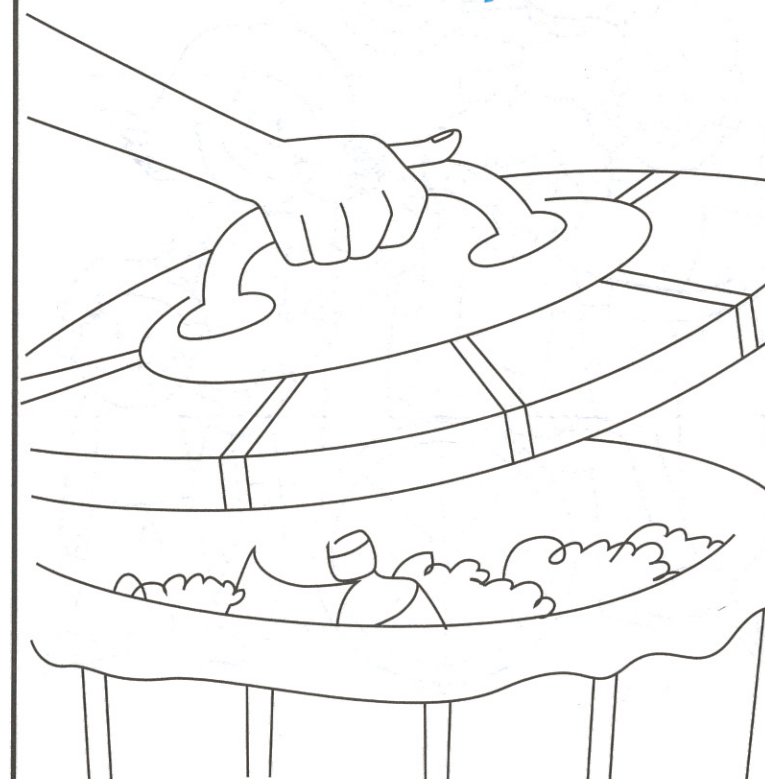

Use trash receptacles...
Keep litter in its place.

Litterbags keep trash
off the streets and highways.

Secure lids and keep
litter in its place.

Pick up
after
your pet.

You can make a difference.

Imagine if everyone shared litter prevention tips with friends and family.
It could make the world a cleaner place to live.

Tell 10 people
about litter prevention
and ask them
to tell 10.

Fact:

If you tell 10 people and
they tell 10 people,
you can teach
110 people about litter.

What happens to Litter?

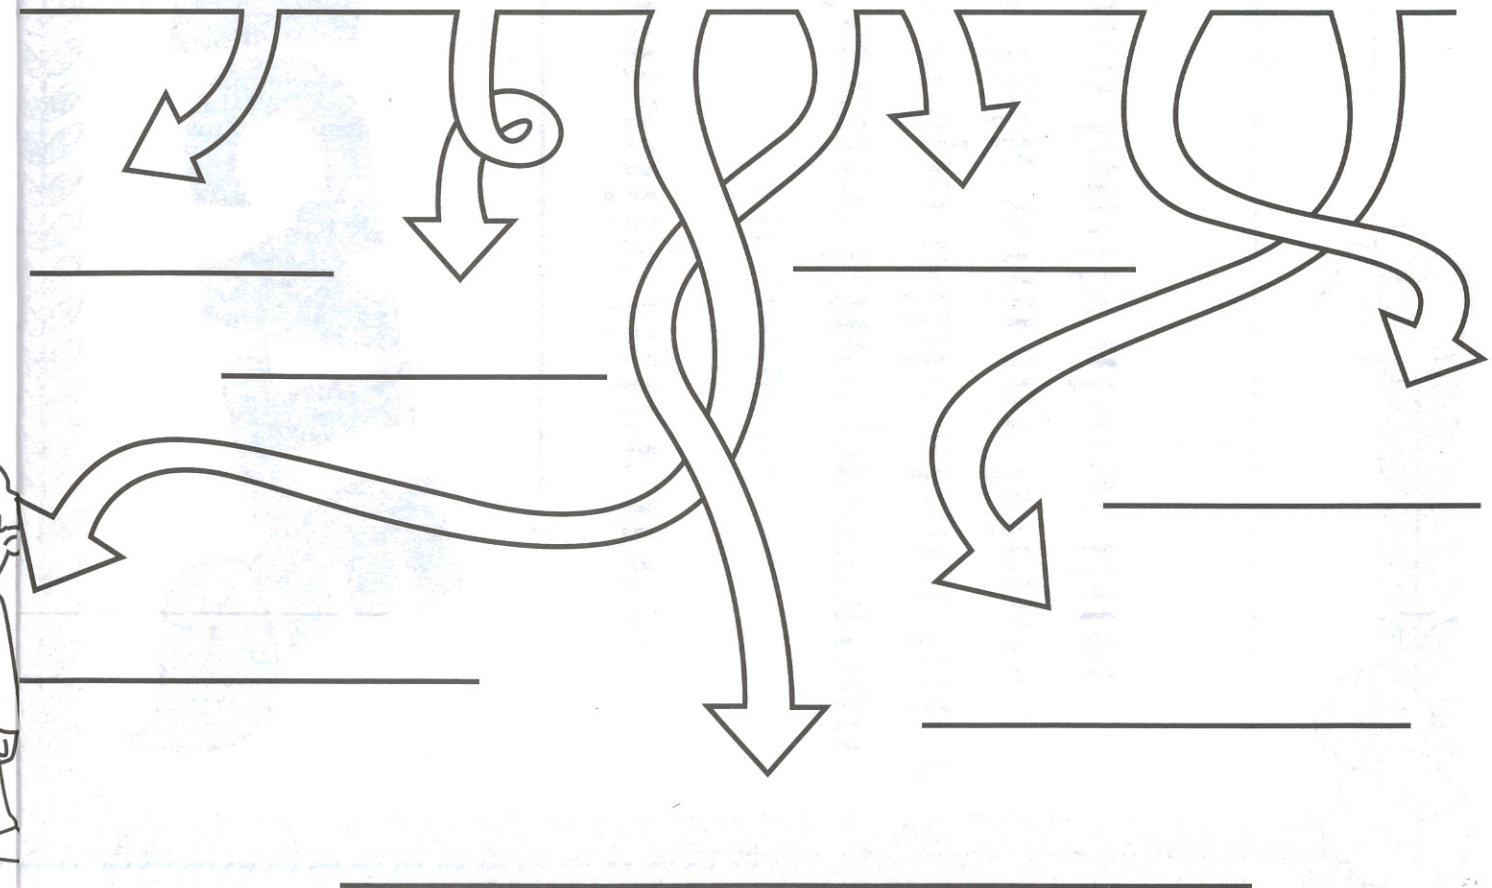

If litter is left on our streets and highways,
it can eventually end up in our waterways.

Wind can carry litter all
around our communities.

How many words can you make from **Litter Prevention**?
