

C.10.d ► Long-Term Trash Load Reduction Plan

Provide descriptions of significant revisions made to your Long-term Trash Load Reduction Plan submitted to the Water Board in February 2014. Describe significant changes made to primary or secondary trash management areas (TMA), baseline trash generation maps, control measures, or time schedules identified in your plan. Indicate whether your baseline trash generation map was revised and if so what information was collected to support the revision. If your baseline trash generation map was revised, attach it to your Annual Report.	
Description of Significant Revision	Associated TMA
In FY 15-16, consistent with all MRP Permittees, all public K-12 schools, college and university parcels were made non-jurisdictional on the City's baseline trash generation maps. Under California Government Code Sections 4450 through 4461, the construction, modification, or alternation of facilities and/or structures on these parcels are under the jurisdiction of the California Division of State Architect and not the City. The public right-of-way (e.g., streets and sidewalks) surrounding these parcels remain as jurisdictional on the City's baseline trash generation maps.	All applicable
The City has chosen to remove the two 14 yard dumpsters placed at the corporation yard's main gate. The dumpsters became abused to the point that their maintenance took a considerable amount of time away from the Operations & Maintenance staffs normal duties. Most of the dumping was done by contractors dumping demolition debris rather than disposing of it properly and citizens looking for a place to dump for free.	5
The City has chosen to follow the guidance given by San Mateo County Water Pollution Prevention Program and EOA, Inc. to remove the two Brisbane School District properties located at 500 San Bruno Ave. and 1 Solano St. from our jurisdictional responsibility.	9
Minor revisions to baseline trash generation map. Primarily to clean up small management areas that overlap adjacent areas that do not generate trash.	1,3,4,6,7,8,9
