

C.10.c ► Trash Hot Spot Cleanups

Provide the FY 2018/19 cleanup date and volume of trash removed during each MRP-required Trash Hot Spot cleanup during each fiscal year listed. Indicate whether the site was a new site in FY 2018/19.

Trash Hot Spot	New Site in FY 2018/19 (Y/N)	FY 2018/19 Cleanup Date(s)	Volume of Trash Removed (cubic yards)				
			FY 2014/15	FY 2015/16	FY 2016/17	FY 2017/18	FY 2018/19
HL01	N	March 15, 2019	0.15	0.15	0.15	0	3.0

C.10.d ► Long-Term Trash Load Reduction Plan

Provide descriptions of significant revisions made to your Long-term Trash Load Reduction Plan submitted to the Water Board in February 2014. Describe significant changes made to primary or secondary trash management areas (TMA), baseline trash generation maps, control measures, or time schedules identified in your plan. Indicate whether your baseline trash generation map was revised and if so what information was collected to support the revision. If your baseline trash generation map was revised, attach it to your Annual Report.

Description of Significant Revision	Associated TMA
In FY 15-16, consistent with all MRP Permittees, all public K-12 schools, college and university parcels were made non-jurisdictional on the Town's baseline trash generation maps. Under California Government Code Sections 4450 through 4461, the construction, modification, or alternation of facilities and/or structures on these parcels are under the jurisdiction of the California Division of State Architect and not the Town. The public right-of-way (e.g., streets and sidewalks) surrounding these parcels remain as jurisdictional on the Town's baseline trash generation maps. Revised maps that incorporate these revisions were included in Appendix 10-2 of the FY 15-16 Annual Report.	All applicable
In FY 14-15, the Town of Hillsborough's Baseline Trash Generation Map included 7 acres of land in TMA 1 that is entirely comprised of the roadway on Skyline Boulevard (State Highway 35) under the jurisdiction of the California Department of Transportation (Caltrans). Based on a combination of baseline on-land visual trash assessments and an evaluation of the boundaries of this jurisdictional area, these 7 acres have been designated as non-jurisdictional, and the associated baseline trash generation has been removed from the Town's baseline map and acreage. As a result, the Town is entirely "low trash generation." The Town's baseline generation map has been revised accordingly and is included in Appendix 10-2 of The FY 15-16 Annual Report.	TMA 1
